You can activate your RxFiles mobile app on your IOS or Android device by clicking the link below. This must be done while browsing the site from your mobile device.

[Activate IOS / Android App](#)

4

ENJOY!

- After activation, if the app requested your login info, click "cancel."
- The app should now say **"unlocked and verified IP"**
- Congratulations! Your app will now be **active for 3 months.** After this, you will need to repeat from step 2.

For a **step by step video** on how to activate the app through a URL referral or affiliate program, watch this:

https://www.youtube.com/watch?v=ziOp9_NGUmw

Remember: The app features ongoing updated RxFiles Drug Comparison Charts. **There is more information (newsletters, Q&As, trial summaries, clinical tools) on our website.**

To get current chart versions, click "Check for Updates" within the app menu.
