

CARDIOLOGY

Angina.....	1-2
Cardiovascular Risk Assessments and Targets.....	3
Antihypertensives	
Antihypertensives Overview.....	4
ACE Inhibitors and Angiotensin II Receptor Blockers.....	5
Beta-Blockers.....	6
Calcium Channel Blockers.....	7
Diuretics and Miscellaneous Antihypertensives.....	8
Antihypertensive Summary and Guidelines.....	9
QT Prolongation and Torsades de Pointes.....	10
Antithrombotics	
Perioperative Antithrombotic Management.....	11-12
Oral Antithrombotic Agents.....	13-14
Warfarin Dosing Nomograms and Tips.....	15-16
Dual Antiplatelet and Triple Therapy.....	17-18
Atrial Fibrillation.....	19-21
Atrial Fibrillation: Anticoagulation Colour Comparison	22
Heart Failure.....	23-26
Heart Failure: The Art of Optimizing HFrEF Medications.....	27-28
NEW Lipid Lowering Agents.....	29-30
Post-Myocardial Infarction.....	31

DERMATOLOGY

Topical Corticosteroids.....	32
Acne.....	33-34
Head Lice and Scabies.....	35
Warts.....	36

EENT (EYES/EARS/NOSE/THROAT)

Dry Eye Disease and Ocular Allergy.....	37-38
Glaucoma.....	39
Intranasal Corticosteroids.....	40

ENDOCRINE & METABOLIC

Overview and Approach to Type 2 Diabetes Mellitus (T2DM).....	41
Anti-Hyperglycemic (Non-Insulin) Type 2 Diabetes Agents.....	42-44
Anti-Hyperglycemic Colour Comparison	45-46
Perspectives on Glycemic Targets in T2DM.....	47
Perspectives on Diabetes and the Kidneys.....	48
Modifiable Risk Factors for CV and Renal Protection.....	49
Insulin Pen Delivery Devices.....	50
Insulin Initiation, Titration, and Follow-Up.....	51-52
Insulin Drug Comparison Chart.....	53-54

Blood Glucose Monitoring: Hypoglycemia and Sick Day Management.....	55
Blood Glucose Meters.....	56
Gestational Diabetes and T2DM in Pregnancy.....	57
NEW Weight Loss Approaches with Colour Comparison	58-60
Thyroid Disorders.....	61-62
Testosterone Replacement: Andropause.....	63
Hirsutism.....	64
Osteoporosis.....	65-66

GASTROINTESTINAL

GERD and Peptic Ulcer Disease.....	67-68
Helicobacter Pylori.....	69
Bowel Preparation for Colonoscopy.....	70
Constipation.....	71-74
IBD: Crohn's and Ulcerative Colitis.....	75-77
Irritable Bowel Syndrome.....	78
Nausea and Vomiting.....	79-80

GENITOURINARY

Erectile Dysfunction.....	81
Sexual Dysfunction.....	82
Urinary Incontinence.....	83-84

INFECTIOUS DISEASES

Antibiotics: Overview and Oral/IV Comparison.....	85-89
Beta-Lactam Allergies.....	90
Anti-Infectives for Common Infections.....	91-92
Probiotics.....	93-94
Skin and Soft Tissue Infections.....	95-98
Urinary Tract Infections.....	99-100
Pharyngitis.....	101
Bronchitis.....	102
Acute Otitis Media.....	103
Rhinosinusitis.....	104
Community Acquired Pneumonia.....	105-107
Influenza Antivirals.....	108
COVID-19: Prevention and Outpatient Treatment.....	109-110
Adult Vaccines.....	111-112
Hepatitis B and Hepatitis C.....	113-116
Human Immunodeficiency Virus (HIV).....	117-119
HIV Pre-Exposure Prophylaxis (PrEP).....	120
Antifungals.....	121-123
Malaria Prophylaxis.....	124

PAIN

NEW Top Pain Clinical Pearls.....	125
Pain Overview.....	126
NEW Chronic Pain: Assessment and Management Planning.....	127-128
NEW Navigating Conversations about Pain Management.....	129-130
Motivational Interviewing.....	131
Pain: Special Populations and Circumstances.....	132
Pediatric Pain.....	133-134
NEW Acute Pain.....	135
Acute/Subacute Low Back Pain.....	136
Chronic Pain Colour Comparison and Medication Regimens.....	137-138
NSAID including COXIB Analgesics.....	139
Common Analgesics and Co-Analgesics for Chronic Pain.....	140
Opioid Analgesics.....	141
Take Home Naloxone.....	142
Prescribing Opioids Safely.....	143-144
Opioid Tapering.....	145-146
Cannabinoids.....	147-148
Rheumatoid Arthritis.....	149-151
Gout.....	152
Acute Pain Management for People on Chronic Opioids/OAT.....	153-154

NEUROLOGY

Migraines.....	155-157
NEW Migraine Prophylaxis Colour Comparison	158
Dementia.....	159-161
Anticholinergic Agents.....	162
Older Adult Drug Considerations.....	163
Essential Tremor and Restless Legs Syndrome.....	164
Multiple Sclerosis.....	165-166
NEW Parkinson's Disease.....	167-170
Seizures.....	171-174

OBSTETRICS & GYNECOLOGY

Contraception with Colour Comparison	175-178
Peri-Pregnancy Drug Considerations.....	179-180
Abnormal Uterine Bleeding.....	181-182
NEW Menopause.....	183-186
NEW Menopause Hormone Therapy: Trial Evidence Summary.....	187-188

PSYCHIATRY

Depression with Colour Comparison	189-191
Depression/Anxiety in Children and Adolescents.....	192
Treatment-Resistant Depression.....	193

Attention Deficit Hyperactivity Disorder (ADHD).....	194-196
Anxiety.....	197-198
Benzodiazepines.....	199
Hypersexuality.....	200
Bipolar Disorder: Overview and Mood Stabilizers.....	201-202
Psychotic Disorders: Overview and Antipsychotics.....	203-206
Sleep Disorders: Overview and Sedatives.....	207-208

SUBSTANCE USE DISORDERS

Substance Use Disorder Overview.....	209-210
Stimulant Use Disorder.....	211
Alcohol Use Disorder.....	212
Opioid Use Disorder with Colour Comparison	213-216

RESPIRATORY

Asthma with Colour Comparison	217-219
Inhalation Devices.....	220
Chronic Obstructive Pulmonary Disease (COPD).....	221-222
Cystic Fibrosis.....	223
Smoking Cessation.....	224

MISCELLANEOUS

Academic Detailing Overview: The RxFiles Program.....	225
Evidence-Based Medicine.....	226
OTC: Cough and Cold, Allergy, Dermatitis, and Vitamins.....	227-228
Drug Interactions.....	229-232
Herbal Drug Interactions.....	233-234
Anemia of CKD: Erythropoietin-Stimulating Agents.....	235
Iron Management.....	236
Hyperphosphatemia in CKD.....	237-238
Palliative Care.....	239-240
Solid Organ Transplantation.....	241-242

INDICES

Patient Safety: Medication Issues.....	243
Newsletters, Q&As, and Trial Summaries.....	244
Index - Generic/TRADE name and Disease.....	245-254
Abbreviations.....	255-256
Notes Page.....	257
Symbols, Colours, and Pregnancy Categories.....	258
