

RxFiles Conference FAQs

1. I am unable to register through your store.

Before purchasing through our store, you must first make your own account. Sometime this means logging out of a group account.

[Click here to create an RxFiles account.](#)

After creating an account, make sure you are logged in with that account (this may mean logging out of a group account!), and then add the conference to your cart. [Click here to add the conference \(standard rate\) to your cart.](#)

Still having trouble? Email conference@rxfiles.ca or call us at 306-966-5972.

2. What do I select for conference shipping?

If the only thing you are purchasing is the conference, you can choose any shipping option. When you go to checkout, the total shipping will read \$0.

3. Will the conference be recorded?

Yes.
